Session you have been asked to present:

Date and time: **Wednesday, April 10 from 1:00-2:00 PM**
Session Number: Breakout Session 5E
Topic to present: Using database searches (CINAHL, etc.) to collect evidence for practice
Planning Committee contact for questions: Nicholas Herrick - nherrick@chw.org

Session title as it should appear in program materials:

Finding Evidence: The Best Resources for School Nurses

Description of content you will cover - as it should appear in program materials:

Evidence based practice (EBP) integrates the best available evidence to guide nursing care. This breakout session will explore the best resources available to obtain evidence for school nurses, discuss the hierarchy of evidence, and illustrate helpful search strategies.

Please write a few lines we can use to introduce you at the conference:

Liz is a clinical services librarian supporting the Children's Hospital of Wisconsin. She has recently relocated to Wisconsin from Syracuse, NY. She bring with her over five years of academic and medical library experience and has taught courses on evidence based practice exclusively for nurses and nurse educators.

Conflict of Interest Disclosure:

The potential for conflicts of interest exists when an individual has the ability to control or influence the content of an educational activity **and** has a financial relationship with a **commercial interest***, the products or services of which are pertinent to the content of the educational activity. The Nurse Planner is responsible for evaluating the presence or absence of conflicts of interest and
