

2023 APRN Pharmacology & Clinical Update

More information regarding accepting Event Sponsorship from 'Ineligible Companies' (formerly referred to as 'Commercial Interest Entities')

Ineligible Companies are defined by the [Standards for Integrity and Independence](#) adopted by the American Nurses Credentialing Center (ANCC) as those whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. Government organizations, non-healthcare-related companies, and healthcare facilities are NOT considered to be ineligible companies. WNA is required to follow the guidelines provided by ANCC to prevent commercial bias that could result from accepting commercial support for an educational program for which we will offer continuing education credit (contact hours).

* **NOTE to 'Ineligible Companies'** You are still eligible and very welcome to sponsor this event! We can identify your company as a Sponsor by name, BUT we are not allowed to display your company logo. Also, you will be required to submit a [Commercial Support Agreement](#) - WNA will contact your representative with more information.
