- ☐ Check the head of each person who lives in the house for the presence of head lice or nits within ¼ inch of the scalp.
- ☐ Wash any clothes, coats, hats, bed sheets/linens in hot water and dry in the dryer, used by those with live head lice in the past 2 days.
- ☐ Wash hairbrushes, combs and hair ties in hot soapy water, rinse, and air dry.
- ☐ Place any items you cannot wash in a plastic bag, secure the bag closed, and allow these items to sit for 14 days. Label with the date to open the bag.
- ☐ Vacuum mattresses, furniture, floors, and inside the car.
- ☐ Treat the hair of everyone who was found to have live head lice or nits within ¼ inch of the scalp. Follow the written instructions of the product you choose.
- ☐ Mark on the calendar when to retreat the hair.
- ☐ Notify school what treatment was used.
- ☐ Monitor each person who lives in the house for the presence of head lice. Treat each person for head lice appropriately.
- ☐ Notify parents of your child's playmates of the presence of head lice so they check their own child for the presence of head lice.
