STRENGTHENING WISCONSIN'S NURSING WORKFORCE PIPELINE

FRIDAY, SEPTEMBER 13, 2024
IN-PERSON

THE INGLESIDE HOTEL – PEWAUKEE, WI

AGENDA

7:30 – 8:15

Registration / Login

8:15 – 8:30

Welcome and Program Overview

8:30 – 9:30

KEYNOTE: Strengthening the Wisconsin Nursing Workforce Pipeline

Judy Martin-Holland, PhD, MPA, RN, CNS, FNP, FAAN – *Principal; Health Management Associates*

Calls to both grow and diversify the nursing workforce, while preparing ourselves and student nurses to advance health equity in education and practice, are stronger and louder than ever. Yet, in some arenas efforts to bring about or enhance diversity, equity, and inclusion in education and among employers are being threatened. What do we do? For our profession to remain relevant, trusted, and in concert with our societal covenant, Nursing's Social Policy Statement, how will Nursing respond?

9:30 – 9:40

Break

9:40 – 10:40

Redesigning Education to Build a Better World for our Children

Kaleem Caire – *Founder and CEO; One City Schools, Inc.*

In this session, I will focus on how One City is preparing its Scholars to become the leaders, professionals, innovators and entrepreneurs who will enhance the quality of life for everyone, through the future professions and community stewardship. One City is intentionally preparing children to become great citizens who care about, and are willing to go to work to strengthen, the world, our environment, and each other.

Linda Young, PhD, RN, CNE, – *Dean, UW-Eau Claire College of Nursing and Health Sciences*

11:50 – 12:50

Lunch served – time to connect!

12:50 – 1:20

WCN's Emergency Preparedness Nursing Workforce Initiative

Kelly Kruse Nelles, MS, RN, APRN-BC – *WCN Innovation Team – Director of Practice/Lead Faculty – Nurses Respond Now Priority Training*

This Session will Provide a brief overview of the Nurses Respond Now Priority Training including the characteristics of the graduates that can contribute positively towards improving health equity and outcomes during public health emergencies. Discuss the process of identifying structural barriers that impacted health equity for at risk and vulnerable populations during the COVID-19 pandemic including communication and collaborative processes with frontline clinical nurses. Describe on-going emergency preparedness initiatives that WCN is leading to ensure that frontline clinical nurses have a pathway for connecting at risk people with community-based emergency response services and initiatives in their regions.
